Lifestyle Landscapes, Inc. Earns 2007 Angie's List Super Service Award

(Seattle, Washington) June 15, 2008 – Lifestyle Landscapes, Inc. a Seattle-based landscaping design/build firm, has earned the 2007 Angie's List Super Service Award. This award recognizes businesses who consistently receive outstanding reviews from the members of Angie's List.

About Angie's List

Angie's List is an online source for people who are searching for a particular service. This website posts reviews of various businesses from actual customers. These reviews are documented in a report card form that lists the company's price, quality, responsiveness, punctuality, professionalism, and overall grade. This may be useful for homeowners who are looking for electricians, plumbers, carpenters, and various other services that will benefit their homes.

"This site has been a wonderful resource for our company. It has brought us new clientele, and in turn has showcased our continuous effort to provide outstanding service and beautiful outdoor living spaces to our customers," stated Arlene Wing, President of Lifestyle Landscapes, Inc.

About Lifestyle Landscapes, Inc.

Lifestyle Landscapes, Inc. is a privately held company dedicated to delivering the highest quality landscape design and installation services to homeowners in the greater Puget Sound region. The clients of Lifestyle Landscapes, Inc. recognize the improved quality-of-life derived from professionally planned, designed, and installed landscape systems.
